**Kit 109 - VerTmax 30ft / 9m Kit**

NSN: 2090-01-588-2779

**Description**

Kit 109 is the VerTmax 30ft / 9m telescopic pneumatic pole which delivers a Grappling Hook and Ascending Ladder to a distance of 30ft / 9m. The VerTmax is designed for Urban Method of Entry and Ship Boarding. Manufactured from 6061-T6 Black Anodized Aircraft Aluminium, the VerTmax is light-weight, compact, and corrosion resistant.

Two Titanium Grappling Hooks are supplied with each kit. The Ledger Style Grappling Hook is designed to attach to ledges, parapets, or window sills. The Pipe Style Grappling Hook is designed to attach to pipe railings.

A 30ft / 9m Tactical Ladder is supplied with each kit. The Tactical Ladder is constructed of nylon sides and fiberglass rungs which are covered with non-slip neoprene.

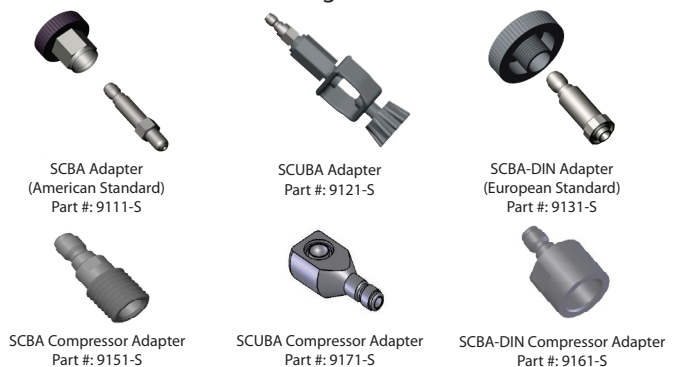

The System Reservoir has a service pressure of 2,000 psi / 140 bar. One charge of air can lift the pole several times. The VerTmax Filler Hose facilitates charging the System Reservoir with compressed air from an Air Compressor, an SCBA Tank, or a SCUBA Tank.

Optional Accessories include the VerTmax A/V Surveillance System and the VerTmax Buoyancy Collar.

**Shipping Dimensions: Box 1 - 41 x 18 x 13" - 36 lbs**
